

Exhibiting and Attendants Profile

In conjunction with JIEEEEC 2015 conference and in parallel / timing with Interbuild Jordan Fair 2015; SPARK Exhibition is organized covering all electrical and electronic divisions; electrical and electronic products and systems, security systems, monitoring, cameras, electrical installation, lighting and LED lighting, PV Solar , cables, electrical heaters, communication, computer networking, engineering and training software, IT for infrastructures, IT solutions and biomedical engineering and equipment's for healthcare and hospitals.

Computer & Electronics

- Computers- Lap Tops
- Engineering Software & CD's
- Computer Accessories
- Mobiles
- Monitors, LED's & LCD's
- Education Equipment
- Engineering Books
- Electrical & Electronic Tools
- Instrumentation
- Electronic Equipment.
- Computer Desks
- Learning Furniture & Equipment

Communication Engineering Solutions & Systems

- Electrical Engineering Solutions & Systems
- Communication, Computer & Infrastructure
- IT Solutions
- Communication & Computer Networks
- Wireless Networking
- Training, Education & E-learning
- Industrial Communication

Bio-medical & Healthcare Engineering

- Healthcare IT & E-health Solutions
- Health Automation
- Hospital Auditing
- Health Care Lab Equipment.
- Hospital Lighting
- UPS for Operation Rooms
- Monitoring Systems for Hospitals.

Power and Power Electronic Engineering Solutions & Systems

- Lighting & LED Lighting
- Electrical Installation
- Generation
- Transmission & Distribution
- Machines & Drives
- Renewable Energy
- PV Solar
- Cables & Transformers
- Instrumentation
- Lightning Protection
- Control-gear & L.V Switchgear

Attendants Profile:

This event is well known with the high quality attendance and activities. More than 650 electrical and electronic engineers are participating in the conference and the accompanied activities. More than four thousand engineers, experts, trade visitors, consultants, contractors, technicians, business men and officials are visiting the accompanied exhibition and participating in the workshops and presentations.

Countries of attendants and participants of the conference and exhibition are from the Arab Countries, Gulf Countries, Turkey, Europe, USA, Canada, China and India.
